Staff Augmentation – OnDemand Talent

Our Staff Augmentation service is focused on organizations that need to quickly scale their workforce with skilled professionals without the long-term commitment.

From: **\$40.00 USD / hr** (Save 50% vs Standard Rate)

The UI/UX design service is focused on crafting intuitive, engaging, and user-centered digital experiences, to help businesses and entrepreneurs turn ideas into beautifully designed products that users love.

What we offer?

Add vetted Latin American experts to your team instantly. Flexible talent for projects, no long-term commitments.

- Rapid allocation of specialized professionals.
- Seamless and flexible integration.
- Ongoing support and clear communication.
- Easy scalability to ramp up or down.
- Adherence to quality, security, and confidentiality standards.

About the Talent

- Proven Expertise: The engineer brings strong technical background and hands-on experience, ensuring high-quality deliverables and efficient problem-solving.
- Responsiveness: Quick communication and proactive collaboration to align with your workflows and meet project milestones effectively.
- Full-Time Availability: Dedicated 40 hours per week exclusively for your project, ensuring continuity, focus, and timely delivery.
- Flexibility: Ability to adapt to your time zone and preferred collaboration tools (Slack, Jira, MS Teams, etc.).
- Transparent Performance Monitoring.

Included

The service covers:

- Daily Status Emails: the engineer sends a status emails covering what was done in the last 24 hours, what will be done in the next 24 hours, includes blockers or important points.
- Free Onboarding
